- 13.**(2003): Opinion of the Scientific Panel on Genetically Modified Organisms on a request from the Commission related to guidance notes supplementing Part B of Annex II to Council Directive 90/219/EEC, as amended by Directive 98/81/EC, on the contained use of genetically modified micro-organisms. Opinion adopted on 11 December 2003. - *The EFSA Journal 18: 1-15.*
 - 14.**(2003): Opinion of the Scientific Panel on Genetically Modified Organisms on a request from the Commission related to the Notification (Reference CE/ES/00/01) for the placing on the market of herbicide-tolerant genetically modified maize NK603, for import and processing, under Part C of Directive 2001/18/EC from Monsanto. Opinion adopted on 25 November 2003. - *The EFSA Journal 10: 1-13.*
 - 15.**(2003): Organisms on a request from the Commission related to the safety of foods and food ingredients derived from herbicide-tolerant genetically modified maize NK603, for which a request for placing on the market was submitted under Article 4 of the Novel Food Regulation (EC) No 258/97 by Monsanto. Opinion adopted on 25 November 2003. - *The EFSA Journal 9: 1-14.*
 - 16.**(2003): Opinion of the Scientific Panel on Genetically Modified Organisms on a question from the Commission related to the Austrian notification of national legislation governing GMOs under article 95(5) of the Treaty. - *The EFSA Journal 1: 1-5.*
 - 17.**(2004): Guidance document of the scientific panel on genetically modified organisms for the risk assessment of genetically modified plants and derived food and feed. (Question No EFSA-Q-2003-005). - *The EFSA Journal 99: 1-94.*
 - 18.**(2004): Opinion of the Scientific Panel on Genetically Modified Organisms on a request from the Commission related to the Austrian invoke of Article 23 of Directive 2001/18/EC1 (Question No EFSA-Q-2004-062). - *The EFSA Journal 78: 1-13.*
 - 19.**(2004): Opinion of the Scientific Panel on Genetically Modified Organisms on the use of antibiotic resistance genes as marker genes in genetically modified plants (Question No EFSA-Q-2003-109). Opinion adopted on 2 April 2004. - *The EFSA Journal 48: 1-18.*
 - 20.**(2004): Opinion of the Scientific Panel on Genetically Modified Organisms on a request from the Commission related to the Notification (Reference C/NL/98/11) for the placing on the market of herbicide-tolerant oilseed rape GT73, for import and processing, under Part C of Directive 2001/18/EC from Monsanto (Question No EFSA-Q-2003-078). - *The EFSA Journal 29: 1-19.*
 - 21.**(2004): Opinion of the Scientific Panel on Genetically Modified Organisms on a request from the Commission related to the Notification (Reference C/DE/02/9) for the placing on the market of insect-protected genetically modified maize MON 863 and MON 863 x MON 810, for import and processing, under Part C of Directive 2001/18/EC from Monsanto (Question No EFSA-Q-2003-089). Opinion adopted on 2 April 2004. - *The EFSA Journal 49: 1-25.*
 - 22.**(2004): Opinion of the Scientific Panel on Genetically Modified Organisms on a request from the Commission related to the safety of foods and food ingredients derived from insect-protected genetically modified maize MON 863 and MON 863 x MON 810, for which a request for placing on the market was submitted under Article 4 of the Novel Food Regulation (EC) No 258/97 by Monsanto (Question No EFSA-Q-2003-121). Opinion adopted on 2 April 2004. - *The EFSA Journal 50: 1-25.*
 - 23.**(2004): Opinion of the Scientific Panel on Genetically Modified Organisms on a request from the Commission related to the notification (Reference C/NL/00/10) for the placing on the market of insect-tolerant genetically modified maize 1507, for import and processing, under Part C of Directive 2001/18/EC from Pioneer Hi-Bred International/Mycogen Seeds.(Question No EFSA-Q-2004-011). Opinion adopted on 24 September 2004. - *The EFSA Journal 124: 1-18.*

24. Opinion of the Scientific Panel on Genetically Modified Organisms on a request from the Commission related to the Greek invoke of Article 23 of Directive 2001/18/EC1 (Question No EFSA-Q-2004-062). - *The EFSA Journal* 79: 1-8.
25. (2005): Opinion of the Scientific Panel on Genetically Modified Organisms on a request from the Commission related to the notification (Reference C/ES/01/01) for the placing on the market of insect-tolerant genetically modified maize 1507 for import, feed and industrial processing and cultivation, under Part C of Directive 2001/18/EC from Pioneer Hi-Bred International/Mycogen Seeds (Question No EFSA-Q-2004-072). - *The EFSA Journal* 181: 1-33.
26. (2005): Opinion of the Scientific Panel on Genetically Modified Organisms on a request from the Commission related to the notification (Reference C/F/96/05.10) for the placing on the market of insect resistant genetically modified maize Bt11, for cultivation, feed and industrial processing, under Part C of Directive 2001/18/EC from Syngenta Seeds (Question No EFSA-Q-2004-012). - *The EFSA Journal* 213: 1-33.
27. (2005): Opinion of the Scientific Panel on Genetically Modified Organisms on a request from the Commission related to the Notification (Reference C/DE/02/9) for the placing on the market of insect-protected genetically modified maize MON 863 X MON 810, for import and processing, under Part C of Directive 2001/18/EC from Monsanto (Question No EFSA-Q-2003-089). - *The EFSA Journal* 251: 1-22.
28. (2005): Opinion of the Scientific Panel on Genetically Modified Organisms on a request from the Commission related to the safeguard clause invoked by Hungary according to Article 23 of Directive 2001/18/EC (Question No EFSA-Q-2005-055). - *The EFSA Journal* 228: 1-14.
29. (2005): Opinion of the Scientific Panel on Genetically Modified Organisms on an application (Reference EFSA-GMO-BE-2004-07) for the placing on the market of insect-protected glyphosate-tolerant genetically modified maize MON863 X MON 810 X NK603, for food and feed uses, and import and processing under Regulation (EC) No 1829/2003 from Mosanto (Question No EFSA-Q-2004-159). - *The EFSA Journal* 256: 1-25.
30. (2005): Opinion of the Scientific Panel on Genetically Modified Organisms on an application (Reference EFSA-GMO-DE-2004-03) for the placing on the market of insect-protected genetically modified maize MON 863 X MON 810, for food and feed use, under Regulation (EC) No 1829/2003 from Monsanto (Question No EFSA-Q-2004-112). - *The EFSA Journal* 252: 1-23.
31. (2005): Opinion of the Scientific Panel on Genetically Modified Organisms on an application (reference EFSA-GMO-NL-2004-02) for the placing on the market of insect-tolerant genetically modified maize 1507, for food use, under Regulation (EC) No 1829/2003 from Pioneer Hi-Bred International/Mycogen Seeds (Question no EFSA-Q-2004-087). - *The EFSA Journal* 182: 1-22.
32. (2005): Opinion of the Scientific Panel on Genetically Modified Organisms on an application (Reference EFSA-GMO-UK-2004-06) for the placing on the market of insect-protected glyphosate-tolerant genetically modified maize MON863 X NK603, for food and feed uses, and import and processing under Regulation (EC) No 1829/2003 from Monsanto (Question No EFSA-Q-2004-154). - *The EFSA Journal* 255: 1-21.
33. (2006): Opinion of the Scientific Panel on Genetically Modified Organisms on a request from the Commission related to genetically modified crops (Bt176 maize, MON810 maize, T25 maize, Topas 19/2 oilseed rape and Ms1xRf1 oilseed rape) subject to safeguard clauses invoked according to Article 16 of Directive 90/220/EEC. (Question No EFSA-Q-2005-294). - *The EFSA Journal* 338: 1-15.
34. (2006): Opinion of the Scientific Panel on Genetically Modified Organisms on the Post Market Environmental Monitoring (PMEM) of genetically modified plants. (Question No EFSA-Q-2004-061). - *The EFSA Journal* 319: 1-27.

Congresses, Symposia, Conferences and Workshops

There is a participation in over 150 International Scientific Meetings of any kind, and in more than 40 among them Dr. Sakellaris has been an invited lecturer.

Here is the list of the Congresses since the year 2000, where Dr. Sakellaris has been an invited speaker and his contribution is been further published.

1. 2000. Bern (Switzerland) – European Federation of Biotechnology
"Biotechnology and Biodiversity"
2. 2000. Athens (Greece) NHRF – US Embassy
"The future of Agricultural Biotechnology"
3. 2000. Lisbon (Portugal) – EC Consortium LSES
"Life Sciences and the European Society"
4. 2000. Atlanta (USA) – Institute of Technology
"Shaping Biotechnology Policy in the 21st Century"
5. 2000. Boston (USA) – Harvard University
"The precautionary principle"
6. 2001. Siena (Italy) – LSES Conference
"Biotechnology and the European public"
7. 2001. Athens (Greece) – LSES Conference
"Communication Strategies in Biotechnology"
8. 2001 Brussels (Belgium) – European Commission DG Research
"Biotechnology a strategy for Europe"
9. 2002 Zurich (Switzerland) – EuropaBio
"BioForum"
10. 2002 Toronto (Canada) – Bio Convention
11. 2003 Brussels (Belgium) – European Commission DG Research
"Biotechnology and sustainable development"
12. 2003 Madrid (Spain) – European Federation of Biotechnology
"Biotechnology communication"
13. 2003 Lyon (France) – BioVision
"Sustainable issues on Biotechnology"
14. 2003 Washington DC (USA) – Bio Convention
15. 2003 Copenhagen (Denmark) – GMCC Conference
"Coexistence Issues in Europe"
16. 2003 Vienna (Austria) – CORDIA Conference
"Biotechnology Entrepreneurship"
17. 2004 San Francisco (USA) – Task Force EU/USDA
"Bio Based Materials"
18. 2004 San Francisco (USA) – Bio Convention
19. 2004 Barcelona (Spain) – EFSA Forum
"Risk Assessment of GM plants"
20. 2004 Berlin (Germany) – EFSA Forum
